Albert Ashley
Chief of Police

3/31/03

To: Jeff Hamblin/Account Executive

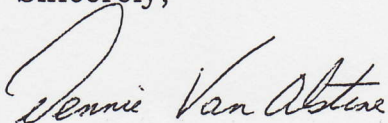

Reference: Sonitrol security system

Jeff,

On behalf of the Mt. Morris Twp. Police Department I would like to commend Sonitrol and yourself on a fantastic video surveillance system that the Police Department purchased from you. The Dedicated Micros Sprite 2 system has performed excellent and has lived up to our standards and expectations that we need here at the Police Department.

I would highly recommend your service and product to anyone that would be looking for this type of system for their business or home. It started with your professionalism explaining the product and then the follow up visits and calls to make sure that we were happy. Thank You.

Sincerely,

Dennie Van Alstine
Deputy Chief of Police
