

National Center for Community Education

April 29, 2002

Dear Mr. Jeff Hamblin,

Sonitrol has protected the National Center for Community Education for five years. We have found your service to be invaluable to our organization in deterring vandalism and theft in and around our buildings. When we have experienced uninvited visitors, the quick response from Sonitrol has been wonderful. I highly recommend Sonitrol above all other security companies.

Thank you,

Connie Lockrey
