Dear Harry,

I am very pleased with the security system that Sonitrol Tri-County recently installed in our City Hall complex. The professionalism displayed by you and your technicians, Bob Janson and David Ameen, during the installation process, exceeded our expectations. Sonitrol is the sole provider of security for the City of Riverview and we look forward to a continued business relationship. Please feel free to use us as a reference source, and we would be happy to demonstrate how Sonitrol has met our security needs.

Sincerely,

Dean E. Workman
